TECH CENTER 1600/2900

This amendment is being filed in response to a non-final office action on the merits of the claims of the above reference application. Said action was mailed to Applicant's Attorney on May 21, 2003 and included a shortened statutory period for response of three (3) months. This would result in an original due date for response of August 21, 2003 and therefore this amendment is timely filed.
